**\*\* DIMENSIONS SUBJECT TO CHANGE - PLEASE CONTACT US IF CRITICAL \*\***

- Viton (FPM/FKM) is a , offering good resistance to heat, fuels and aggressive chemicals

- Viton (FPM/FKM) seals can be supplied as an alternative to the standard BUNA N seals supplied in our Cam fittings

- Withstands a temperature range of -40°C to 200°C

To go with these seals, we keep a wide range of Cam fittings to suit your needs

We also keep ISO B Quick Release Couplings and Nipples in this range
